

SAM TEXT PLAS LLC

# ABOUT US

## PEOPLE

Together we are a team of diverse expertise but one purpose – to be agents of positive change

## SUSTAINABILITY AT SCALE

Manufacture products responsibly on a large industrial scale through resource conservation and innovation

## TRANSPARENCY

We use data led approach to provide complete transparency to our stakeholders – a partner of choice for all

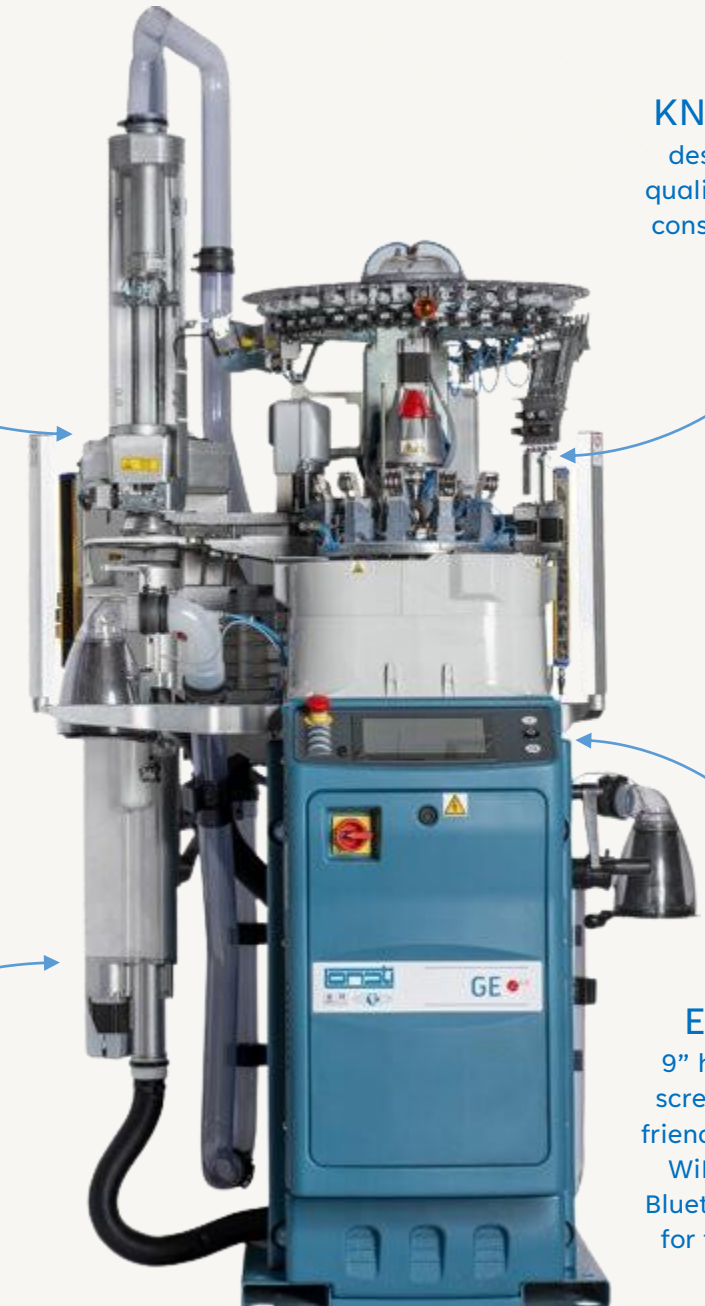

We, the SAM TEX SOCKS company, produce high-quality seamless socks using Italian LONATI knitting machines (GE616F). Our professional team and high-quality equipment allow us to work in any complexity.

**SBYS DEVICE**  
for automatic linking,  
increased reliability and  
productivity compared to  
the previous series

**KNITTING HEAD**  
designed to knit high  
quality items and ensure  
constant reliability over  
time

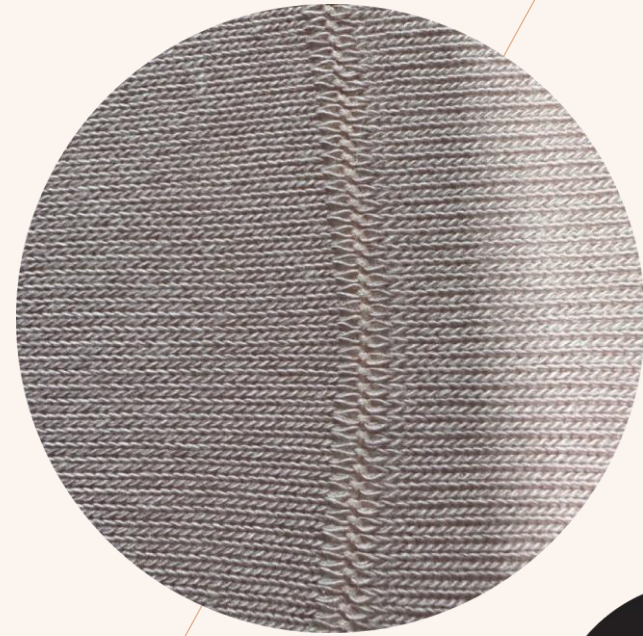

**STEPPING  
MOTORS**  
with absolute encoder  
for angular position  
control

**NEW  
ELECTRONICS**  
9" high resolution touch  
screen display. New user  
friendly interface. Ethernet,  
WiFi, NFC connections,  
Bluetooth is also available  
for future developments

# PRODUCT ADVANTAGES

Seamless socks are a luxury for some and a necessity for the most demanding. They are really more convenient. They do not have a bulge inside the front of the sock, which can be very uncomfortable. When a shoe fits perfectly on your foot, it really is a shame to disrupt the harmony between your foot and skin with a seam on the forefoot. For calceophiles, seamless socks are a strict necessity.

# PRODUCT OVERVIEW

## STRENGTHS

- Why comfort is critical: Nearly 80% of adults have experienced foot pain at some point, often due to poor sock and shoe choices. Seamless socks are specifically designed to solve this problem.
- Flexibility to all customer requirements
- Very high on-time shipment
- Large capacities for all types of hosiery on the most technologically advanced machines.
- Fast response and implementation
- Top quality product
- Fully complies with occupational health and safety standards.

# OUR CERTIFICATES

## OEKO-TEX STANDARD 100

## ISO 9001:2015

## STANDARD 100

OEKO-TEX® STANDARD 100 IS A MARK FOR TEXTILES TESTED FOR HARMFUL SUBSTANCES. IT SETS STANDARDS FOR TEXTILE SAFETY, FROM YARN TO FINISHED PRODUCT. EVERY ITEM BEARING THE STANDARD 100 MARK IS CERTIFIED AS HAVING PASSED SAFETY TESTS FOR THE PRESENCE OF HARMFUL SUBSTANCES.

ISO 9001 IS DEFINED AS AN INTERNATIONAL STANDARD THAT SPECIFIES REQUIREMENTS FOR A QUALITY MANAGEMENT SYSTEM (QMS). ORGANIZATIONS USE THE STANDARD TO DEMONSTRATE THE ABILITY TO CONSISTENTLY PROVIDE PRODUCTS AND SERVICES THAT MEET CUSTOMER AND REGULATORY REQUIREMENTS. IT IS THE MOST POPULAR STANDARD IN THE ISO 9000 SERIES AND THE ONLY STANDARD IN THE SERIES THAT ORGANIZATIONS CAN CERTIFY.

# ACCORDING TO THE CLIENT'S SPECIFICATIONS

## MAKING DESIGN USING THE PROGRAM

According to the customer's technical specifications, our designer prepares socks files

## MAKING SAMPLES

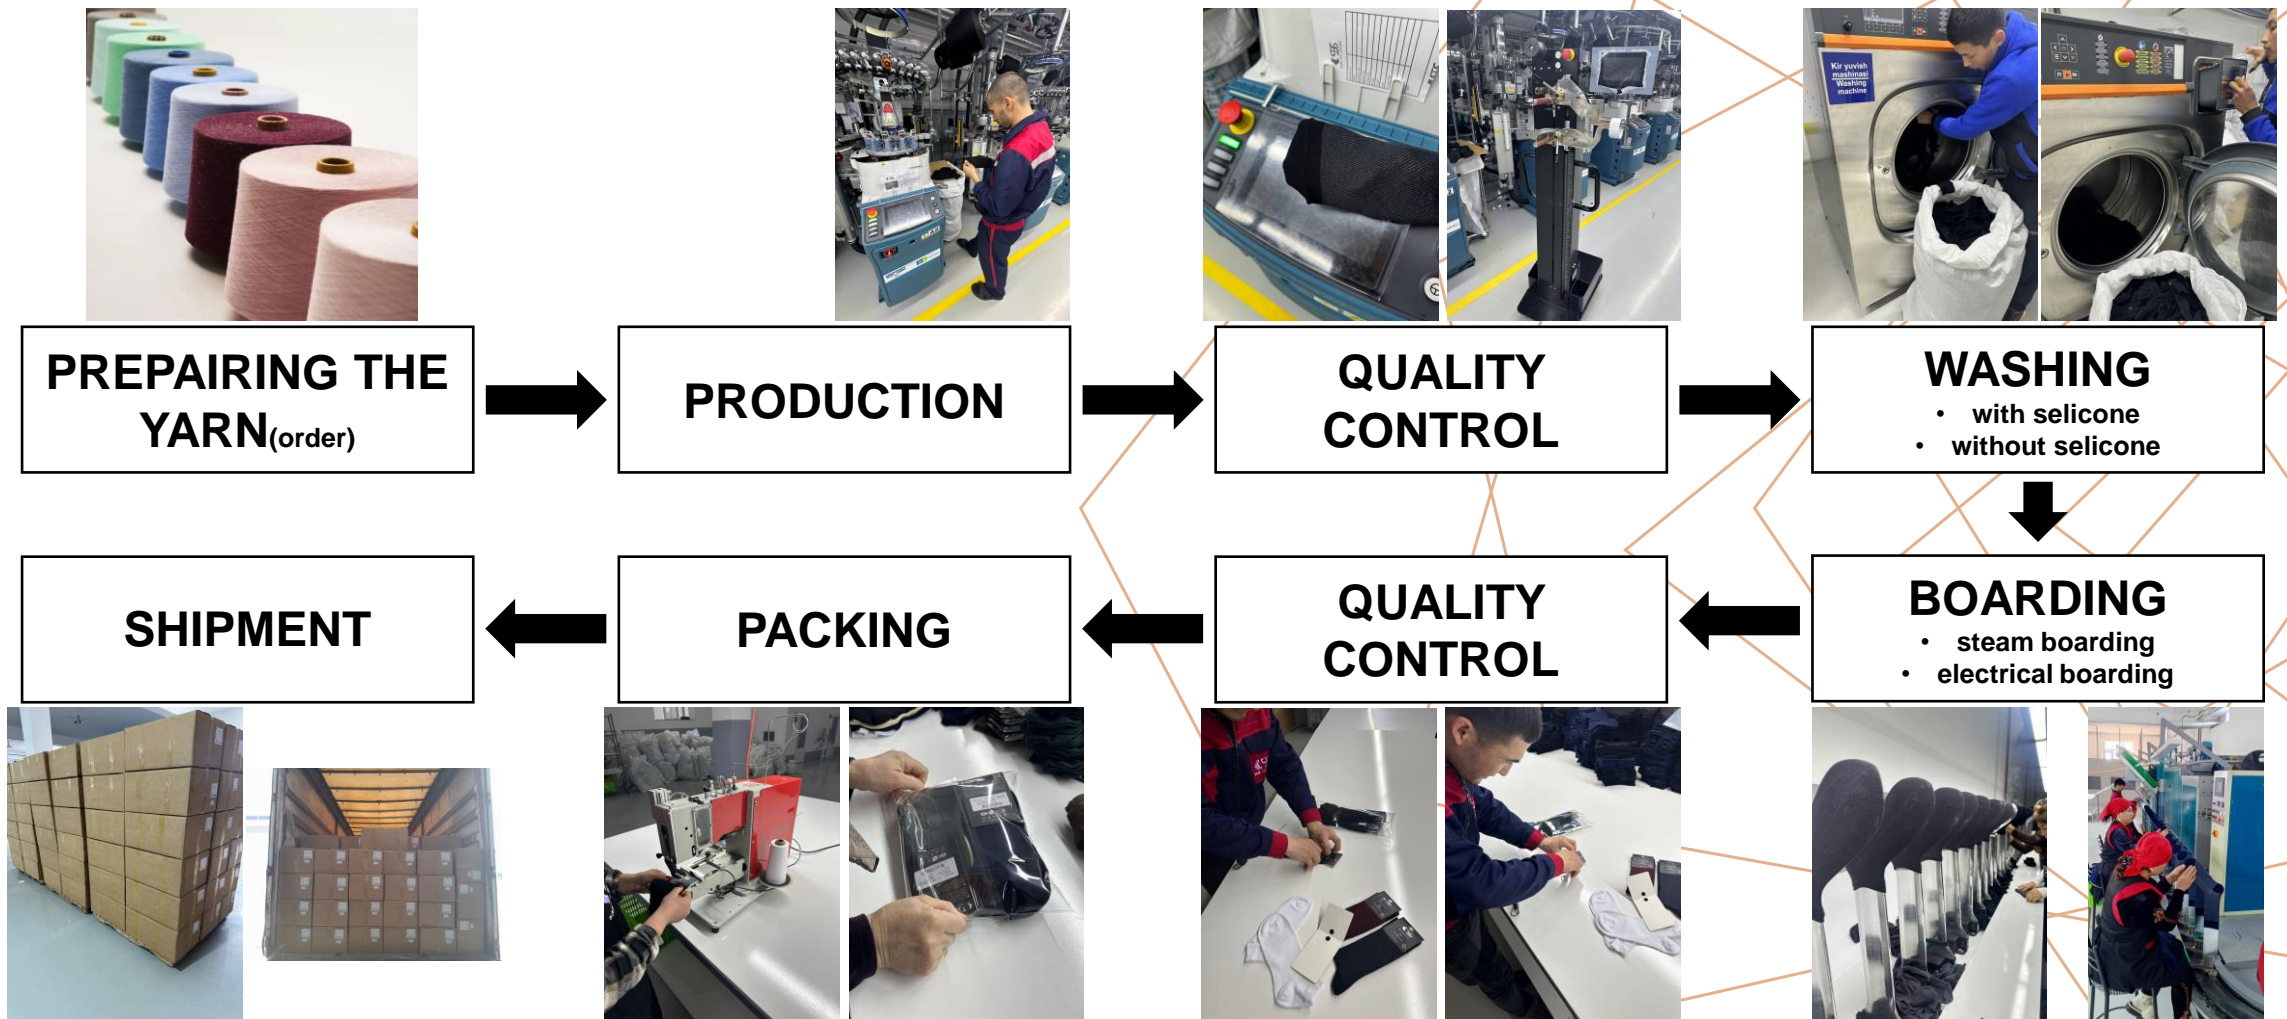

Our master selects the desired yarn and begins to produce samples.

## SIZE MEASUREMENTS

After production, employees wash the socks, then iron the socks. After these processes, the master measures the sizes of the socks.

# MANUFACTURING PROCESS

# OUR COMPETITORS

## SAM TEX SOCKS

The cost of our product is lower than that of other companies on the market

The design is simple and easy to use compared to the complex designs of competitors

Availability is the main advantage of our product for customers

## COMPETITORS

Company A

The product is more expensive

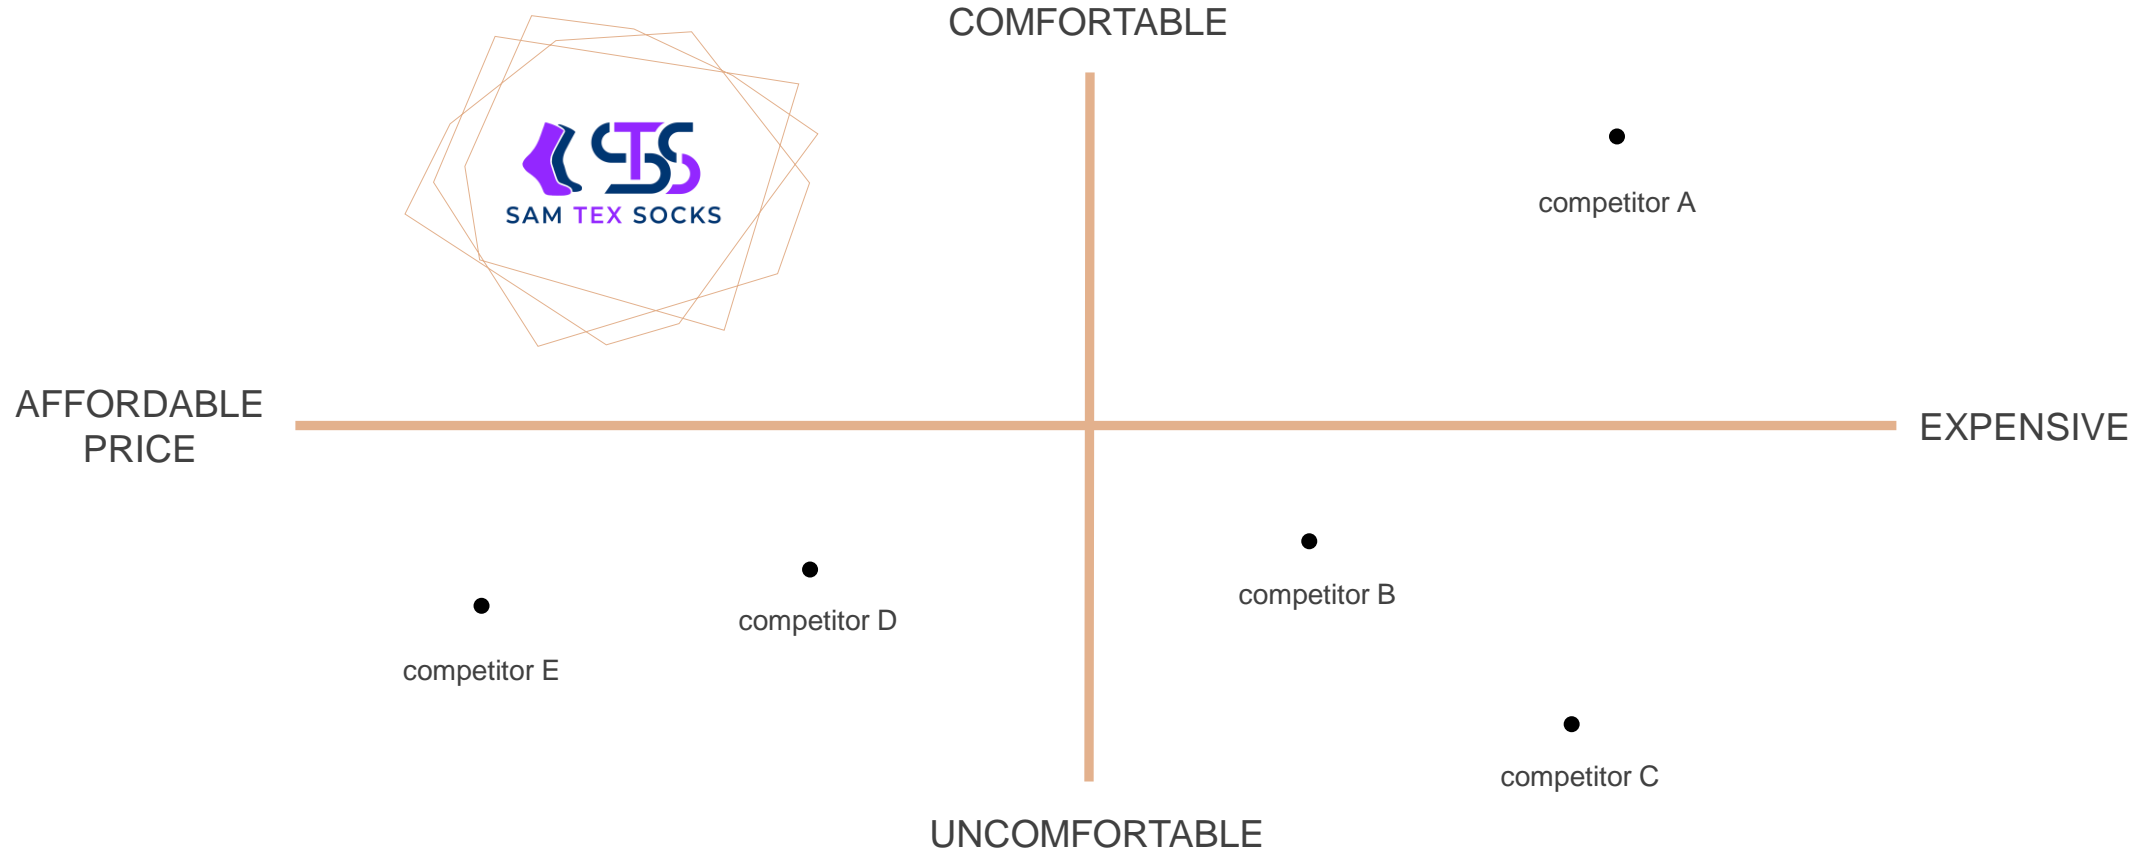

Companies B and C

The product is expensive and inconvenient to use

Companies D and D

The product is available, but inconvenient to use

# OUR COMPETITORS

# DEVELOPMENT STRATEGY

## MAY 2024

EXPANSION OF PRODUCTION 2X, WITH THE INSTALLATION OF 51 LONATI KNITTING MACHINES (GE616F). THE TOTAL QUANTITY BECAME 96 PCS.

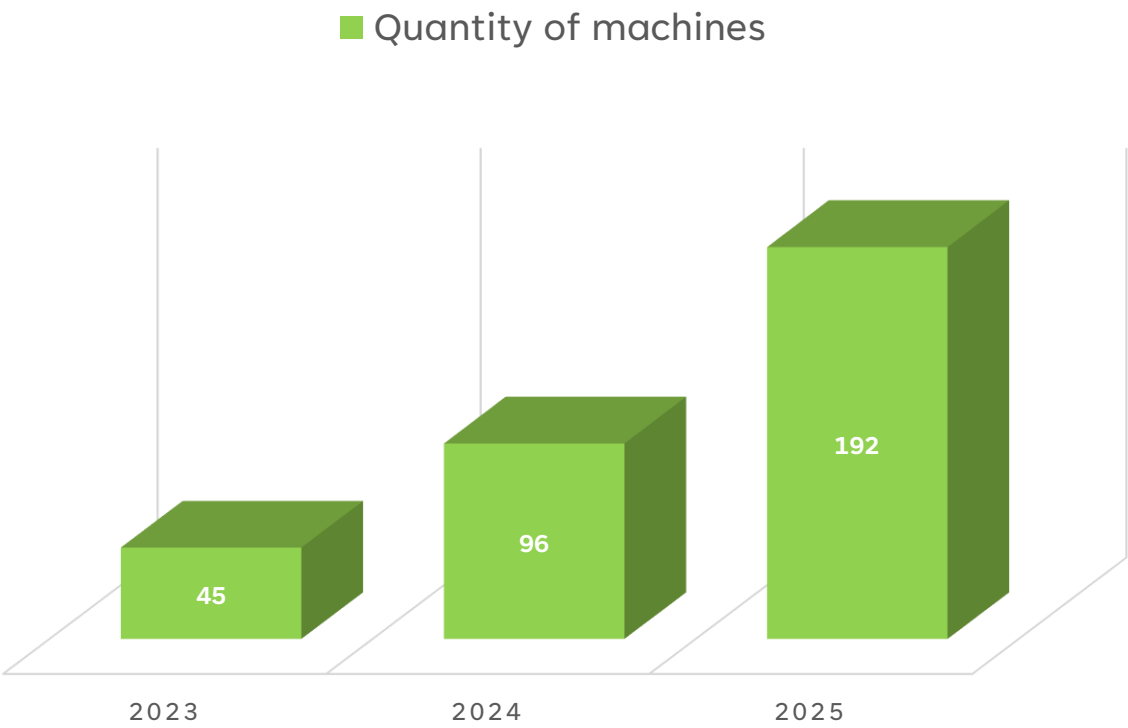

## MARCH 2025

CONTINUED TO EXPAND 2X AND MAKE 192 PCS OF KNITTING MACHINES.

2023 – from 280,000 to 320,000 pairs per month

2024 – from 600,000 to 700,000 pairs per month

2025 – from 1,200,000 to 1,400,000 pairs per month

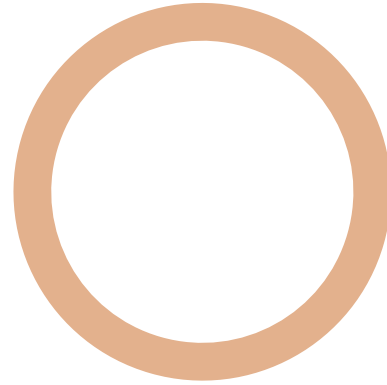

# HOW WE DO IT

Everything we do is rooted in our mission.

We strive to be an agent of positive change for the stakeholders and community by pursuing an ethical and sustainable business. It guides the way we do business, how we create our products, how we collaborate with our customers, and how we work with our supply chain partners. It defines who we are.

## SUMMARY

We, SAM TEXT PLAS, believe that you need to do your job 110%. Using new generation technologies, we help our customers produce the highest quality. We thrive on market understanding and a great product team. As our CEO says, “Efficiency comes from proactively transforming the way we do business.”

A series of thin, light brown lines forming an abstract, overlapping geometric pattern on the left side of the slide. The lines intersect to create various polygonal shapes, some of which are filled with a very light brown color.

# THANK YOU
